NEWBOOKS CATALOGUES

- Product Metadata for Books
- Product Metadata for Journals
- Product Metadata for Online Databases
- German and English Metadata
- Comprehensive, Enriched & Timely
- Daily Incremental Updates
- In ONIX or CSV

NEWBOOKS provides booksellers and information providers with high quality catalogue data for titles published in English and German through a single feed. Subscribing to the Catalogue Data service, you receive accurate and up-to-date daily data feeds in ONIX or CSV on new and forthcoming titles. Benefit from timely, comprehensive and editorially enriched bibliographic metadata – incl. jackets, additional information in PDF format and your preferred classification scheme. Catalogue data can include BIC, BISAC or THEMA codes.

Tell us about your project. We'd love to help!

Industry expertise and software know-how for your business success

NEWBOOKS Solutions is one of the German publishing industry's leading software providers, developing solutions for all sectors of the publishing industry at a time of rapid transformation driven by digitization.
