NEWBOOKS.BIZ E-PROCUREMENT

E-Procurement for Booksellers Employee Shops for Publishers

Newbooks.biz optimizes procurement and administration processes, manages increasingly complex workflows at your customers' side, makes data accessible via interfaces and helps to control costs effectively.

Corporate and **Library Suppliers** offer their B2B customers an efficient and web-based E-Procurement System for the ordering of books, journals and other media.

Publishers offer their members of staff an efficient and web-based ordering system and significantly lower their process costs for in-house orders.

WWW.NEWBOOKS.BIZ

E-Procurement for Booksellers

Supplying Corporate Customers, Libraries and Public Institutions

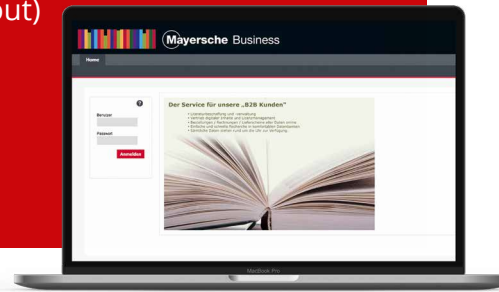

With Newbooks.biz you offer your corporate clients and libraries an efficient E-Procurement solution for books, journals and other media.

The one-stop service not only offers comprehensive catalogue search and ordering of international books and other media, but also the management of titles and subscriptions of your clients' in-house inventories.

Newbooks.biz contains NEWBOOKS Catalogues as well as Libri International and Libri Digital.

- ✓ Budget Control & Reporting
- ✓ Representation of In-House Inventory
- ✓ Subscription Management
- ✓ Rights Management
- ✓ ERP Connectivity for Booksellers ERP
- ✓ SAP Connectivity and market places (Punchout)

“A high level of consulting and service competence for our corporate clients is very important to us. With the E-Procurement System from NEWBOOKS Solutions we can meet exactly this requirement. By taking over our corporate design, the integration of the Mayersche catalogue and the connection to our own ERP system, we have an individualized and first-class solution in use, which can be very well integrated into the existing system structures of Mayersche Business.”

Nicole Keil
Head of Mayersche Business
