NEWBOOKS.BIZ E-PROCUREMENT

E-Procurement for Booksellers Employee Shops for Publishers

Newbooks.biz optimizes procurement and administration processes, manages increasingly complex workflows at your customers' side, makes data accessible via interfaces and helps to control costs effectively.

Corporate and **Library Suppliers** offer their B2B customers an efficient and web-based E-Procurement System for the ordering of books, journals and other media.

Publishers offer their members of staff an efficient and web-based ordering system and significantly lower their process costs for in-house orders.

Employee Shop for Publishers

Efficient ordering system and benefit program

The Employee Shop is an efficient and web-based ordering system for your members of staff.

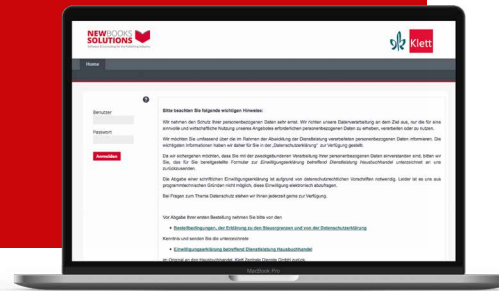

Publishers' employees use the shop to place their orders and automatically send it to the responsible processing department.

Orders will be assigned to each employee so that purchases can be settled easily via the payroll system.

Publishers offer an attractive shop system and significantly lower process costs for in-house orders.

FEATURES

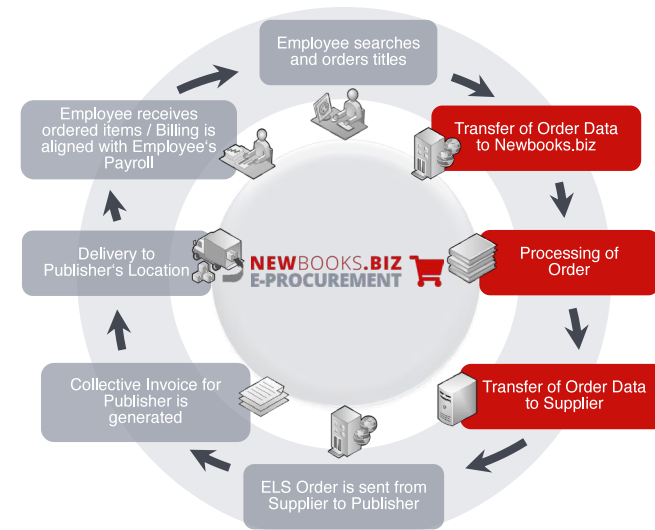

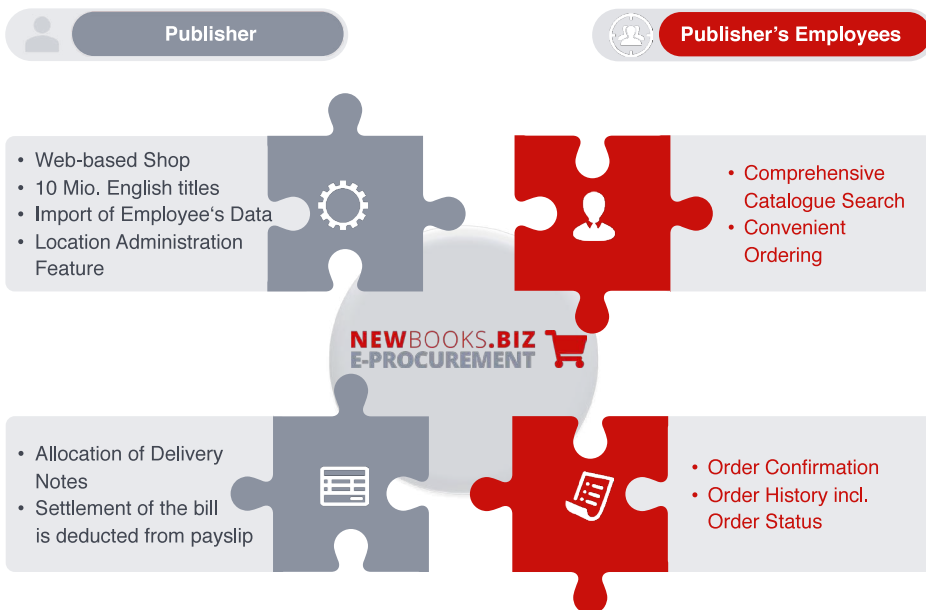

- ✓ Central Ordering System
- ✓ Increased Efficiency Gains
- ✓ Low staff costs
- ✓ Web-based System incl. Rights Management
- ✓ No Installation required
- ✓ Cost Control
- ✓ Budgets and Reports per Department/ Cost Centre

“The web-based Newbooks.biz is a coherent system that offers many features: from employee's orders to billing and delivery. Since we settle the procurement of goods through Newbooks.biz - together with our payroll accounting system and a connection to our own database - processes become significantly more efficient. The employee shop is highly appreciated by our employees and very popular.”
