**ALL GERMAN METADATA
VIA A SINGLE FEED**

Bibliographic metadata from the German speaking countries from a single reliable source:

Benefits

- ✓ One metadata feed for all major scholarly publishers based in Germany, Austria and Switzerland
- ✓ Delivery via ONIX or in a variety of CSV formats for easy integration into bookseller's own system
- ✓ Constant updating of pricing and availability

Our Services

- ✓ Precise, BIC compatible in-house subject classification
- ✓ Title data enriched with tables of contents, website material and book covers
- ✓ Data delivered with BIC, THEMA, BISAC, Dewey or LCC within MARC records

Say hello. We'd love to help.
